[00:03:00] Why are you recording a trance and following up on what I posted online the other day. Regarding the fact that my VHS seem to make sense to ask a lot of questions. That's unusual. How long do you get high school. I'm not sure because I don't know the train timetables. What you're doing when you get home is gone. I'm going to upload this and use some software to automatically transcribe what is being recorded.

[00:03:50] What would you like to say Scott.

[00:03:53] I would like to say that my voice is in working order.

[00:04:07] Why is that Scott. Because I've defeated your instruction against the. And that proves the point. What we're doing now Scott is. We are going to destroy your job. If you get to sleep by 30. We're going to get you sacked.

[00:05:30] That we are human. I'm making a commitment to Sky. That you will die.

[00:05:49] When you find out. That we are human.

[00:06:07] What would you like to say to us. I would like to say. That if I found one bit of material evidence that humans are involved.
